

# PEEL REGIONAL No. 11 DIVISION POLICE STATION RENOVATION MISSISSAUGA, ONTARIO

Site Area: 3.9 Acres  
Bldg. Area: 28,300 sq.ft.  
Bldg. Cost: \$2,700,000  
Completion Date: 1995 (renovation work)

Nelson Wong Architect Inc. was appointed for full services in the renovation of this facility.

Because of the current trend towards Community Based Policing, the central ground floor area, formerly the locker rooms, had been restructured for the new Community - Police multi purpose room. The male and female locker areas were relocated to the basement area. This project was tendered below budget and completed within a tight time frame. Through thoughtful planning, there was minimal police operational disruptions.

Prior to this renovation work and as project architect and senior associate while with Rebanks Architects Inc., Nelson Wong designed this police station.

## Site Plan
